Interest From Note*

The American Public Health association closed its convention last night after four days of discussion and exchange of ideas that promise to influence the work in America, Mexico, Canada and Cuba. An elaborate dinner given the delegates last night by Dr. J. A. Rutledge at the Modern Woodmen of America sanatorium closed the convention's entertainment features, although today many of the delegates will take side trips, several are planning the trip to Little Creek. Instead of holding over until this morning the final business session of the body was held last night.

The committee of seven, which in the executive committee "ad interim," and which controls the organization's affairs between conventions, was elected yesterday as follows: President W. C. Woodward, Washington, Rudolph Hering, New York; Dr. H. D. Holton, Battleboro, Vt.; Dr. P. H. Bryce, Ottawa, Can.; Homer Folks, New York; Dr. J. E. Monahan, Mexico City, Mex.; and Prof. S. M. Gunn, Boston. The journal committee was chosen as follows: Dr. H. D. Holton, Dr. P. H. Bryce and Dr. G. T. Swartz.

Association Adopts Resolutions.
The resolution before the final adjournment last night, passed the following resolutions:

"The American Public Health association desires to express its appreciation of the kindness and courtesies extended to it and its members and those accompanying them, not only to the official hosts who are so graciously interested in the work of the association, but also to the private citizens who have aided the association in its work." "The association desires to express its appreciation of the kindness and courtesies extended to it and its members and those accompanying them, not only to the official hosts who are so graciously interested in the work of the association, but also to the private citizens who have aided the association in its work."

NEW YORK, Sept. 12.—Governor Sulzer's transactions in Wall street from June 27, 1910, until they ceased at least as far as one firm of brokers was concerned—on July 14 last, were described under oath today by Melville D. Fuller, who said he was Sulzer's broker, in a hearing held by the nine impeachment managers appointed by the assembly.

Mr. Fuller, who before the Frazer committee refused to testify concerning certain matters answered all questions today. He testified that Sulzer had paid him \$16,000 in person within a month and a day after the last election and that he (Fuller) had had no dealings with Mrs. Sulzer.

TRAINMAN KILLED EVERY 7 HOURS EMPLOYEES DEMAND BET- TER CONDITIONS

*Object to "Deadhead" Crews
Working Without Pay,
Hearing Continues*

NEW YORK, Sept. 12.—A member of the Brotherhood of Trainmen is killed every seven hours and 15 minutes and every nine minutes a man is maimed.

This was the testimony today of William Lee, representing the order of Railway Trainmen at the meeting of the arbitration commission in the controversy between 42 eastern railroads and their conductors and trainmen over the employees' demands for more pay and shorter hours.

The south was standardizing its rates by slow stages.

"We want standard rates throughout," he added, "and that includes the black man. If he does the work of the northern railroad man we would be willing to see him receive equal pay."

Complain of Deadhead Crews.
President Garretson of the order of Railroad Conductors, also a witness, complained of what he called the evil of deadhead crews.

These crews, he said, were composed of men who have to run a loaded train to a given point, have no more work to do and are not paid for the time they spend in traveling back home.

SACRAMENTO, Cal., Sept. 12.—A death from bubonic plague occurred yesterday at Martinez, Cal., according to reports received today by the state board of health from Dr. J. D. Long of the United States marine hospital service in San Francisco.

The body of the Martinez victim whose name had been withheld was examined by Dr. D. H. Curry of the federal laboratory service in San Francisco.

A Japanese woman in San Benito county, it was said at the health office, died of bubonic plague in June of this year. These two cases are the only ones reported in many months.

No Epidemic, Says Doctor
SAN FRANCISCO, Sept. 12.—There is no epidemic of bubonic plague at Martinez," said Dr. J. D. Long today.

"The death there was purely sporadic. We had another case like it in San Benito county where a Japanese woman, a strawberry picker, died."

"Even since bubonic plague first gained a foothold on this continent, it has continued prevalent among rats and ground squirrels. The laborer at Martinez and the Japanese strawberry picker in San Benito were working in neighborhoods where they were infected with the disease."

Traced Back to Earthquakes.
The sporadic cases of plague that have appeared in California this year trace back to the first appearance of the disease in San Francisco prior to the earthquake and fire.

It was stamped out after many months of effort by the federal health authorities, who subjected the Chinatown and slums district of San Francisco to a thorough cleaning up.

It having developed that rats were the principal medium of the contagion spread the government first turned its attention to ridding this city of the rodent pest and then began a systematic campaign against the rats.

HOUSE APPROPRIATES \$100,000 FOR AID OF AMERICAN REFUGEES

*Secretary Bryan Urges Fmer-
gency Legislation; \$200,000
May Be Available*

WASHINGTON, Sept. 12.—In response to an urgent demand from the state department, the house tonight adopted a joint resolution making an emergency appropriation of \$100,000 to be used for the relief of destitute Americans in Mexico and for their transportation to the United States.

Majority Leader Underwood presented the emergency resolution and read a personal letter from Secretary Bryan asking that it be passed.

The resolution was passed by a vote of 219 to 191.

Secretary Bryan wrote Mr. Underwood:

"In view of the fact that the deficiency bill still is pending in the committee on appropriations of the senate and will not become a law until after the available appropriations have been exhausted it is essential that there should be placed at the department's disposal at once a sufficient sum to enable it to carry on the work of relief and prevent the hardship and dissatisfaction that a discontinuance of that work would entail."

Secretary Bryan said that since the first of this year the state department had spent \$3,728,225 in aiding American citizens to get out of Mexico.

**MINERS MEET ON
RECOGNITION UNION**

**Feris Is Given Little
Consideration**

CALUMET, Mich., Sept. 12.—It is unlikely that anything will come of the plan suggested by Governor Feris to Attorney Darrow of the Western Federation of Miners, at Lansing today, providing that the copper strikers return to work pending an official investigation by a commission named by the governor and elimination of the recognition of the union.

Charles H. Meyer, president of the federation, who returned here today, stated tonight that such a commission would have to have full powers of arbitration and its decision would have to be binding on both the operators and the men.

The federation has no intention of quitting the district however and the operators will not have anything to do with any plan in which the federation is concerned.

In an address today at South Range, Treasurer John R. Lennon of the Federation of Labor told the strikers not to return to work without recognition of the union.

Lennon was followed by local speakers who urged the men to defend themselves against any attempts to remove them from the company's houses.

LIVERPOOL PAYS HONOR TO LATE MAYOR GAYNOR

*BODY LAYS IN STATE IN
TOWN HALL*

*Every Courtesy Shown Dis-
tinguished American, on Re-
turn Voyage Today*

LIVERPOOL, Sept. 12.—The body of William J. Gaynor lay in state tonight at the foot of the grand staircase of the town hall of Liverpool.

It was an unprecedented honor that Liverpool paid the dead executive of the American metropolis for never before had anyone lain in state in the historic edifice.

Candles in the great golden candles from Westminster abbey cast a subdued light up the wide stairway and over the detail of picked men from the Liverpool police force who stood guard all night about the catafalque.

John Sutherland, Harmond-Banner, lord mayor of the city, who is absent on a vacation, had telegraphed the city of Liverpool to do everything in its power in honor of the dead mayor of New York and the instructions were carried out in minute detail.

Paid Unusual Honor.
When the steamer Baltic, on board which Mayor Gaynor died at sea last Wednesday, docked at 8 o'clock this evening, the landing stage was crowded with all persons except the holders of the ticket. A great crowd had gathered outside the dock gates.

As soon as the gangplank was run out, Mayor Gaynor, accompanied by a delegation from the white star line, went aboard the ship. In the lion, Mr. Sutherland met Mayor Gaynor.

Mr. Sutherland, who is absent on a vacation, had telegraphed the city of Liverpool to do everything in its power in honor of the dead mayor of New York and the instructions were carried out in minute detail.

Shewn Every Courtesy.
The tide was so high that it was impossible for pallbearers to carry the body from the ship and the coffin was let down to the dock through the baggage chute.

From the dock the coffin was carried to the street where it was placed in a hearse drawn by four horses.

The hearse was followed by a woman on foot in deep black, who had at her side a little girl. The woman declined to give her name but said she was a friend of the late Mayor Gaynor from New York.

The secretary of the lord mayor, assisted by a delegation of six dignitaries, received the body at the town hall.

When the coffin was placed on the catafalque, one end of which was covered by a beautiful wreath of lilacs of the valley bearing the following inscription:

Body Returns Today.
Dearest sympathies from the lord mayor and citizens of Liverpool.

Another wreath composed of Easter lilies was also inscribed.

SULZER SPECULATED IN PERSON-FULLER Knows Nothing of Transac- tions by Mrs. Sulzer, He Tells Board

NEW YORK, Sept. 12.—Governor Sulzer's transactions in Wall street from June 27, 1910, until they ceased at least so far as one firm of brokers was concerned—on July 14 last, were described under oath today by Melville D. Fuller, who said he was Sulzer's broker, in a hearing held by the nine impeachment managers appointed by the assembly.

Mrs. Fuller, who before the Frawley committee refused to testify concerning certain matters, answered all questions today. He testified that Sulzer had paid him \$15,000 in person within a month and a day after the last election and that he (Fuller) had had no dealings with Mrs. Sulzer.

According to Fuller's testimony, Sulzer, while a representative, opened an account with his firm, Harris & Fuller, June 27, 1910. In September, Sulzer borrowed \$25,000 from the firm, giving as collateral 400 shares of Erie Railroad stock. In November of the same year Sulzer added some American Smelter stock to his collateral held by the brokers.

Wasn't Discouraged by Drop.

"The Big Four" declined from \$6 to \$5 within a year," Mr. Fuller continued, "but Mr. Sulzer bought some more of the stock and added Southern Pacific to his holdings."

On November 12, 1912, a few days after he was elected governor, Mr. Fuller continued, Sulzer walked into the office of Harris & Fuller with \$1,000 in his hand. These he paid on his account, his indebtedness having increased to \$26,000. On December 6, Mr. Fuller said, Governor-elect Sulzer paid in person \$20,000 more in cash on his account.

On June 16, of this year, Sulzer's debt to the brokers had been further reduced. One of the checks, Mr. Fuller said, was from A. E. Springs, a former governor of Montana.

Lieutenant Commander Josephthal of Governor Sulzer's staff visited the office of Harris & Fuller on July 16 last, Mr. Fuller added, and closed the account by paying the remainder \$24,788. Mr. Josephthal received the stock left by Sulzer as collateral. Josephthal presented an order, which was produced today. It was signed W. J. Sullivan for Mrs. Sulzer.

Mr. Fuller could give no explanation of the words "for Mrs. Sulzer," he said, as neither he nor his firm had had any dealings with her.

TRAINMAN KILLED EVERY 7 HOURS EMPLOYES DEMAND BET- TER CONDITIONS

NEW YORK, Sept. 12.—A member of the Brotherhood of Trainmen is killed every seven hours and 15 minutes and every nine minutes a man is maimed.

This was the testimony today of William Lee, representing the Order of Railway Trainmen, at the meeting of the arbitration commission in the controversy between 42 eastern railroads and their conductors and trainmen over the employees' demands for more pay and shorter hours. When this statement was challenged, later by Elsie Lee, counsel for the railroads, William Lee cited statistics from the interstate commerce commission's report. This report on June 30 last gave 3,635 railroad employees killed in the United States during the year.

Complain of Deadhead Crews.

President Garrison of the Order of Railroad Conductors, also a witness, complained of what he called the evil of deadhead crews. These crews, he said, were composed of men who have to run a loaded train to a given point, have no more work to do and are not paid for the time they spend in traveling back home. This was one of the abuses, he said, that the employees wanted abolished. He added that some of the working economies introduced by railroads increased the risk to life and limb encountered by trainmen, and said that the trainmen helped pay for such economies in disability funds.

LONDON, Sept. 13.—(Saturday).—The Daily Telegraph's Tokyo correspondent says he believes the secret of the anti-Chinese agitation in Japan is due to the determination of the Japanese people that China shall be taught that Japan is not a negligible power. It is the opinion of the correspondent that though China professes to grant all the Japanese demands, which include a 50-year extension of the lease of Port Arthur, some incident will occur which will afford a pretext for Japan's expansionist program and the military occupation of Peking, China, and Amoy and the gradual adoption in those zones of her so-called Manchurian policy. The correspondent adds that a crisis will occur in China before night and worked all day around the signature.

But \$4,000 of the fund necessary to make Colorado Springs eligible to entertain the head camp session had been raised yesterday morning when the committee having the matter in charge met. All the members pledged their services to supervising the remaining \$1,000 before night and worked all day around the signature.

LIVERPOOL PAYS HONOR TO LATE MAYOR GAYNOR

BODY LAYS IN STATE IN TOWN HALL

Every Courtesy Shown Distin- guished American; on Re- turn Voyage Today

LIVERPOOL, Sept. 12.—The body of William J. Gaynor lay in state tonight at the foot of the grand staircase of the town hall of Liverpool.

It was an unprecedented honor that Liverpool paid the dead executive of the American metropolis, for never before had anyone lain in state in the historic building covered with the Stars and Stripes and with the British Union Jack draped over its foot, the casket resting on a catafalque brought here from Westminster abbey, London, and on which had reposed the bodies of many of England's most famous men. It last was used at the funeral of Field Marshal Lord Wolseley in St. Paul's cathedral last March.

Paid Unusual Honors.

When the steamer Baltic, on board which Mayor Gaynor died at sea last Wednesday, docked at 3:30 o'clock this evening, the landing stage was cleared of all persons except the holders of tickets. A great crowd had assembled outside the dock gates. As soon as the steamer had run out, Horace L. Washington, the United States consul, accompanied by a delegation from the White Star line, went aboard the ship. In the saloon, Mr. Washington met Rufus Gaynor, son of Mayor Gaynor, and expressed condolences on behalf of himself and the lord mayor of Liverpool.

Shown Every Courtesy.

The title was so high that it was impossible for pallbearers to carry the body from the ship and the coffin was let down to the dock through the baggage chute. Here it was taken in charge by a London undertaker sent down to Liverpool by the American embassy.

From the dock the coffin was carried to the street where it was placed in a hearse drawn by four horses, which was followed by the lord mayor's carriage, occupied by Rufus Gaynor and Consul Washington. The funeral cortege, escorted by a squad of mounted police, made its way through a dense crowd of quiet people who uncovered as the hearse passed to the town hall. The hearse was followed by a woman on foot in deep black, who had her head in a little girl. The woman declined to give her name, but said she was a friend of the late Mayor Gaynor from New York. The secretary of the lord mayor, assisted by a delegation of city dignitaries, received the body at the town hall. When the coffin was placed on the catafalque, one end of which was covered by a beautiful wreath of lilacs of the valley, bearing the following inscription:

Body Returns Today.

"Dearest sympathy from the lord mayor and citizens of Liverpool."

Another wreath, composed of Easter lilies, pansies and carnations, was placed on the coffin by Mr. and Mrs. Horace L. Washington.

The body, which the body was then placed in a hearse and taken to the cemetery. Afterward Mr. Gaynor's father, who was in the hearse, returned to the ship.

FORCED OUT OFFICE

Huerta Puts Military Ruler in
Place; Lind Awaiting
Instructions

VERA CRUZ, Sept. 12.—On board the Ward Line steamer Mexico, which sailed yesterday for Tampico, Huasteca and New York, was the constitutional governor of the state of Hidalgo, Pedro Rosales. Senor Rosales had been summoned to Mexico City and told to ask for leave of absence in order that a military governor might substitute for him. He said he explained to President Huerta that he had been elected to office legally and asked time to think over the proposition made to him. He is one of the richest men in his state.

The fact that Senor Rosales had come to Vera Cruz from the capital and taken passage on the steamer did not become known until today. While he is held an intimate friend he was not a revolutionist, but feared he might be forced into the rebel ranks. He also said that the Mexican government, in his opinion, would be able to pay off its debts as soon as the new \$100,000,000 loan was exhausted.

Madro Adherent in Holding.

Pordes Mangel, a member of the chamber of deputies, who was reported to have been killed by federal soldiers last month, is said to be in Vera Cruz in hiding and waiting for an opportunity to escape to Havana. Mangel was a warm personal friend of the late President Madro.

The passage through this port under the eyes of the authorities of war is a matter of some importance, whose intention was to increase the credit of the rebels in southern Vera Cruz and Campeche, the discovery of plot in Vera Cruz and with new disclosures in President Huerta's cabinet, which have resulted in resignations, are developments in the Mexican situation which have not passed unnoticed by President Wilson and his personal representative, that there has been improvement in the general situation.

Lind Awaiting Instructions.

Mr. Lind has two long conversations today with men who are supposed to be well informed, but their information is of the usual personal character and of no great value.

Mr. Lind is keeping in touch with the officers of President Huerta's army and local banks, capital of about 100,000 pesos. No definite statement has been received here that the money has been received. There is a report, however, that Huerta will receive a part of this money, and when this report is reported on good authority that he intends calling upon the federal government to find means for financing the federal government with \$100,000,000 pesos.

Mr. Lind has not sent to or received any news from either Washington or Mexico recently. His departure from Vera Cruz, where he was in charge of the Mexican troops, was reported by the Mexican press from Washington.

MARRIAGE BAN OFF: NEW CLERK NAMED

SPRINGFIELD, Sept. 12.—The ban on matrimony in this county, imposed by the recent death of the county clerk, has been lifted here after a special session of the county board at which a new county clerk was elected. Prospective brides and grooms attended the

special session and one promising damsel drew her arms round the neck of the new county clerk, Mr. Jackson, and kissed him on the cheek. The state law will necessitate a further interval of five days before marriages are solemnized, but the new clerk had hardly taken the oath of office before he began dealing out legal certificates to wed.

MINE OPERATORS CONCLUDE HEARING

Mine Workers Will Present Rebuttal Witnesses Next Monday

WASHINGTON, Sept. 12.—Coalmine operators of the United States and Canada, who are testifying before the Senate committee investigating the strike in their mines, will present rebuttal witnesses Monday and the inquiry is expected to close soon thereafter.

No Written Agreement
The records of most antitrust suits show no written agreement of that kind, suggested Senator Shields. "Such things are not put in writing," Judge Nugent, immigration commissioner of West Virginia, testified that he had been defeated by federal officials in his attempts to get immigration labor for the mines.

NEGROES PREVENT RIOT BY DEMANDS FOR SPEEDY TRIAL

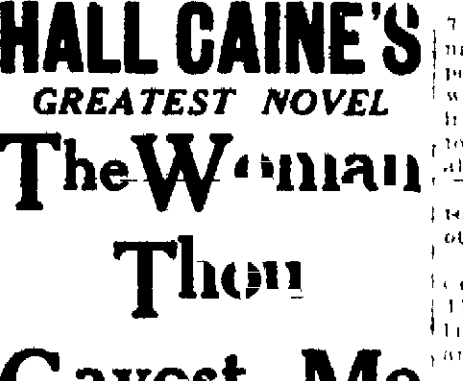

SPRINGFIELD, Ill., Sept. 12.—For the first time since the memorable race riot in Springfield in August, 1908, there was talk of a lynching here tonight, following the arrest and confession of Charles Banks, colored, aged 18, that he had attempted to assault 16-year-old Theresa Marie Atkins, this afternoon.

Expressing a wish that speedy justice be meted out to Banks, a delegation of colored citizens called on State's Attorney Burke and Judge Creighton tonight and urged that a special grand jury be called to indict Banks.

One Killed, Another Hurt.
CAIRO, Ill., Sept. 12.—One negro was killed and another is believed to have been fatally wounded by a posse of citizens near Tammis, Ill. today following an attempt yesterday by two negroes to force a merchant of Tammis to accept a bill which had been raised from one to five dollars.

When the clerk refused to accept the bill the negroes drew revolvers and began firing. The clerk was not injured, but citizens formed a posse and pursued the negroes, one of whom escaped.

HALL CAINE'S GREATEST NOVEL The Woman Thou Gavest Me
Being the Story of MARY O'NEILL
Will be more widely discussed than any novel in recent years. Hall Caine has possibly the largest audience of any living English author. In the startling revelations of Mary O'Neill he has conceived a deeply moving romance that will appeal to people in every walk of life. It is the story, told in autobiographical form of a beautiful, pure and exquisite woman who goes through some of the most terrible tests which the responsibilities of marriage bring into life. The problems of marriage and divorce have never before been so humanly pictured.

"CASCARETS" FIX SOUR STOMACHS

Sluggish Bowels cause Gases, Indigestion and Food Fermentation

Get a 10 cent box now
That awful sourness, belching of acid and foul gases that pain in the pit of the stomach, the heartburn, nervousness, nausea, bloating, after eating, dizziness and sick headache, means a disordered stomach which cannot be regulated until you remove the cause. It isn't your stomach's fault. Your stomach is as good as any.

Try Cascarets. They immediately cleanse the stomach, remove the sour, undigested and fermenting food and foul gases, take the excess bile from the liver and carry off the constipated waste matter and poison from the bowels. Then your stomach through its natural action will straighten out by morning a 10-cent box from an drug store will keep your stomach sweet, liver and bowels regular for months. Don't forget the children. Their little minds learn good gentle cleansing too. Adv.

LIVERPOOL PAYS HONOR

(Continued from Page One.)

When Mr. Gaynor had left the building the coffin was removed from the deal box and placed in a massive turned oak casket. On a brass plate on the cover was the inscription: "William Jay Gaynor, September, 1913."

The lead of the lord mayor of Liverpool in doing exceptional honors to Mayor Gaynor has been followed generally throughout Liverpool. Flags on the town hall and other public buildings and on private buildings were lowered to half mast today.

The funeral line tonight detailed the superintendent of the port, Captain Dodge, to take charge of the reception of the body of Mayor Gaynor on board the Lusitania, tomorrow.

New York Mourns.
NEW YORK, Sept. 12.—While all New York mourned today for William J. Gaynor and signal honors were being paid the dead mayor in Liverpool, tentative arrangements were being made for the public obsequies planned to constitute a final and striking tribute of his home city to the memory of its late executive head.

Mayor Gaynor's funeral will take place in Old Trinity church, in lower Broadway, at 11 o'clock in the morning of September 21, with Bishop Greer of the New York diocese of the Protestant Episcopal church officiating. His body will be laid to rest in Greenwood cemetery, Brooklyn.

The solemn ceremonies on the day of the funeral are to be preceded by various distinctive tributes to the dead executive. On the arrival, probably next Friday forenoon, of the steamer Lusitania the mayors body will be taken direct from the steamer to the Gaynor home in Brooklyn, there to remain until Saturday evening, when, according to the plans, it will be removed to the city hall in Manhattan to lie in state on the eve of the late mayor's activities until the hour of his funeral, Monday.

Military Escort Offered.
The coffin will be borne from the city hall to the hearse and from the hearse to the church on the shoulders of uniformed members of the fire and police departments. General Thomas H. Barry, commandant of the department of the east, has offered an escort of soldiers from Governors Island for the body of the mayor from the time of its arrival in the city until the burial.

That Mayor Gaynor's family will be found to be well provided for when his will comes to be probated, seems the general belief. Friendly of the family estimated today the value of his estate at from \$500,000 to \$1,000,000, with the consensus of opinion favoring a sum not more than half the larger figure.

Mayor Gaynor had a large and lucrative law practice before he went on the bench and had realized much in fees from important trusteeships and from wise investments.

The striking event of the day came when the mayor's campaign managers despatched George McAneny, fusion candidate for mayor, to take the vacant place on the ticket. Mr. McAneny was ever promptly declined the honor.

CANADIANS MAY

(Continued from Page One.)

The Canadian adherents were planning to start him away to Montreal if possible in the hope that the writ would be sustained after all. Failing in this the story ran that they purposed to put him aboard a yacht and eventually sail him to Pennsylvania.

Thaw's lawyers in Concord, N. H., will make his fight for liberty in this city. Governor Walker will grant a hearing some day next week, probably Wednesday, on the demand for a writ of habeas corpus. New York has granted informally to Thaw a writ of habeas corpus, but it is not yet officially set.

Thaw's attorneys already are in the city tonight and it was reported that Judge William M. Chase who there was on the supreme bench of the state would be retained as the chief New Hampshire lawyer in Thaw's interests.

Big Sullivan-Considine Road Show With Six Feature Acts Opens at the Empress Today

The largest, costliest and newest of musical productions will be the headline attraction at the Empress, starting today. No expense nor effort seems to have been spared in the initial production of "The Cavaliers," carrying eight people and a half carload of special scenery. The scene represents an old castle in England where the young men and women are guests for a musical holiday. There are offered solos, quartets, choruses and instrumental selections of the highest musical excellence. The appearance of this beautiful musical offering at the Empress but emphasizes the efforts and intention of those in control of this vast vaudeville undertaking to give their public the best that can be had regardless of the cost.

A musical act is always a welcome addition to any bill and particularly so when surrounded by a gorgeous array of soloists, scenic embellishments and costumes.

Most every living human enjoys a male quartet. For that reason the Empress management has provided one of the best in the business as a feature of the show starting today. Each member of this organization is a soloist. Without stalling they get right down to the soulful harmonies that have made them a big favorite on the circuit.

Three young women who will be a feature of the offering at the Empress are the Bennett Sisters who offer a novel and exciting exhibition of wrestling boxing and tennis. These young women go into the game with a vengeance and pummel one another in the queen's task. One of the sisters has a trick in black eye for three weeks but it is getting back to normal again. She received a valiant flush in the lamp in an endeavor to duck a short jab for a chin. The act has been a big winner along the circuit when the audience joined into the excitement and encouraged their respective favorites to follow up their advantages. The girls are splendid specimens of womanhood and prove the advantages gained by physical exercise.

Three young and versatile vaudevillians have banded themselves together as The Georgia Trio. This trinity rate of clowny comedians will appear at the Empress. They are said to characterize the darkey with remarkable fidelity. Their voices are said to blend harmoniously while their other specialties will bring them into

the "favorite" class before the end of their week's engagement. Before the week is over at the Empress these will be scored on the new bill a somewhat different monologue comedian in the person of Joe Birnes, the "poetry" story teller. Mr. Birnes is a favorite entertainer in the leading clubs of New York. It was at one of these that he was found by a representative of Mr. Considine's and immediately booked for a tour of the popular-priced circuit. Mr. Birnes is endowed with a lot of personal magnetism and a fine idea of comedy. His songs, stories and imitations are fitted to the brain with laughter.

Every now and again vaudeville reveals something entirely new and totally different from the beaten path of variety. It is these innovations and original creations that have been the source of popularizing vaudeville. In this week's offering the principal attraction will be John B. Hyman's latest laughing spectacle and comedy novelty, called "The Passenger Wreck." The act is conceded to be one of the most elaborate in vaudeville. Mr. Hyman is a producer of well-known abilities, having produced "The Devil and Tom Walker," which played the local house a year or more ago. The offering aside from its comedy and spectacular effects, carries with it a number of thrilling and intensely dramatic situations.

"THE WOLF"

Eugene Walter's play "The Wolf," which comes to the Grand opera house Saturday, September 20, on matinee and night might be called a poem play of pictures. It is very seldom that one sees a play that grips the interest and pulses the curiosity with its first line. "The Wolf" does that. The curtain rises upon a beautiful scene in an Indian summer in the northern woods. Pines and golden foliage mingle their light and shade. A stream winds down the avenue of cottonwoods in the background are the blue foot hills. To the right is the log house of MacTavish with a great tree in front of it. Under the tree sits a Native

the Canuck, potting at his pipe. In the porchway is the great fire at the hearth. He, too, is a Native. The two men put in a talk. A while while the auditor "sits in" a talk coloring perspective and as a part of the scene. Then MacTavish says, "You say she died, mon."

This is one of Eugene Walter's strong points—begins his story with the opening lines. He wastes no time in unnecessary conversation, and he sticks to the point from curtain to curtain.

Another of these pretty picture effects is in act three. Two men are squatting in the foreground, standing. In the tall, lithe, graceful figure of Jules Beaubien. Hilda appears at the top of the trail carrying the canoe paddle. She stands there an instant holding the paddle like a spear, framed in the dark pine and golden foliage color, with the sunset reddening ominously about her. One almost expects to hear the wild cry of the Valkyrie. A little later comes the great and intense scene of the play, which is without doubt one of the most novel and gripping scenes ever staged.

AVOID THE BRONCHIAL COUGHS OF EARLY FALL

The changeable weather of early fall brings on bronchitis and a hard cough that is wearing on the system and seems to tear open the bronchial tubes and mucus lining of the throat. Use Foley's Honey and Tar Compound promptly. For it will soothe and heal the inflamed mucus lining, relieve the cough quickly, and help to expel the cold. It contains no opiates. MINERS TO DECIDE ABOUT STRIKE CALL

Conference in Trinidad Next Monday May Determine Course of Action

DENVER, Sept. 12.—The miners in the southern Colorado coal fields will decide whether a strike shall be called and if so will shape the policy to be pursued by the officials in charge. This, in effect, was the statement made today by John P. White, international president of the United Mine Workers of America. Mr. White is visiting his family in Denver for a few days and is going over the situation with Vice President Frank Hayes and other officials. According to President White the miners will decide at their convention of District No. 12, which opens in Trinidad, Monday, September 15, and probably will hinge on the operators' acceptance or rejection of the invitation of the miners' officials to confer on points in dispute.

White stated that the national organization had set aside \$1,000,000 to aid the men in the event a strike is called; that tents had been pitched on land already leased where the men will be cared for. Mr. White said he would leave for the east not later than Sunday and would not attend the Trinidad convention. Representatives of the operators today expressed their willingness to meet men actually in their employ either singly or in groups, to consider and adjust any complaints or grievances they may have. However, they voiced opposition to meeting outsiders to confer on matters affecting the operation of their mines or the men in their employ.

"Big Tim" Sullivan Still Is Missing; Is Almost Bankrupt

NEW YORK, Sept. 12.—Representative Timothy D. Sullivan who disappeared from his brother's home at Williams Bridge, September 1, was still missing today. Reports that he was in a sanatorium under the care of a New York physician were declared by the physician today to be unfounded. An attorney for the committee which was put in charge of Mr. Sullivan's estate, when he was adjudged incompetent, certified today that the former political leader was on the verge of bankruptcy. Claims against Sullivan, he said, began to accumulate soon after he was placed in the custody of relatives last January. This statement surprised Mr. Sullivan's friends, most of whom believed that he was worth at least a million dollars.

FRISCO MINISTER TO BECOME UNDERTAKER

SAN FRANCISCO, Sept. 12.—Another San Francisco minister is to become an undertaker. The Rev. Nat. Friend, pastor of the Howard Presbyterian church, announced today that he would resign his pastorate next Sunday in order to take up the new work. "The undertaking field," he said, "will give me an even greater opportunity for social service than the ministry. Solacing those in sorrow and caring for the dead has been so much a part of my pastoral work that I do not look upon the change as altering materially the purpose of my life."

Several months ago the Rev. Mr. Bradford Leavitt resigned the pulpit of the First Unitarian church to become an undertaker.

MAN AWAKES AFTER SLEEPING NINE DAYS

SAN JOSE, Cal., Sept. 12.—Wright Keibel of Tennessee, who fell asleep when he arrived on a visit to his uncle, R. P. Keibel of this city, on August 3, and had slept ever since, awoke today apparently sound and well. Several physicians had worked over him without results, except occasionally his body was partially aroused only to drop back immediately into sound slumber.

Musical Tea

Yesterday afternoon Mrs. John E. Lundstrom and Miss Anna Theresa Briggs were hostesses at a charming musical tea given for a hundred of their friends at the lovely Lundstrom home in Ivywild. The house was prettily decorated with roses and sweet peas, a beautiful mound of glass in three shades forming the centerpiece of the refreshment table.

Presiding for the hostesses in the dining room were Mrs. W. C. Newell, Mrs. Anna W. Persinger, Mrs. F. W. Goddard, Mrs. Van Vleet, Mrs. W. W. Price and Mrs. W. W. Williamson. They were assisted by the Misses Berthe Arnold, Berthe Arnold, Janet Penney, Dorothy Price, May Lillie Murdoch, Harriet Tucker, Helen Foran, Helen Harmon, Margaret Forst, Eleanor Van Vleet and Margaret Lawton.

An interesting program was given by Miss Briggs' pupils with splendid success, which attracted many compliments for the young artists and their instructor. The first part of the program included several Jessie Gaynor songs done by the kindergarten-ers, who showed the most thorough fundamental training. The second part of the program was made up of more ambitious numbers by the advanced pupils, some of whom give wonderful promise in the work they are doing.

A delightful surprise to the guests was Miss Briggs' announcement that within a few days a Junior Musical club would be formed under her direction. This is an organization which has long been needed here, and which it is certain will not only afford much enjoyment to the younger musicians, but will be of untold benefit in developing their talents. It is in line with the Children's theater movement, which has proven so very successful in the east. Miss Briggs expects to formally organize the club very soon and a more detailed account of its aims and activities will then be given.

Tuckers to Honolulu

When Mr. and Mrs. Hugh Tucker return to their home in Honolulu next month after a visit with Mr. Tucker's family here, they will be accompanied by his mother and sister, Mrs. B. St. George Tucker and Miss Zeddie Tucker. They will make their home in the islands where Miss Tucker will work with her brother, in the industrial school of Hawaii.

Mrs. Tucker and her daughters have lived here for many years and their departure from the Springs will be deeply regretted by many friends. Miss Tucker, in her position as head of the children's department of the public library, has endeared herself to many children of the city, who will sincerely miss her friendship and kindness.

At the Golf Club

The Friday evening dinner dance at the Colorado Springs Golf club last night was somewhat smaller than heretofore, but none the less enjoyed.

able. Mr. and Mrs. R. S. Seldomridge entertained a party of eight at dinner at the club before the dance. Included in the dancers were Mr. and Mrs. Seldomridge, Mr. and Mrs. W. H. Covers were laid for Dr. and Mrs. Eugene H. Porter of New York, Dr. and Mrs. Hills Cole of New York, Dr. Carr of Lincoln, Neb., Dr. and Mrs. E. M. Marbourg of Colorado Springs, and the host and hostess. Dr. Porter is state health commissioner of New York and Dr. Carr is president of the Nebraska Board of Health.

Luncheon at El Paso Club

The local entertainment committee of the American Public Health association, of which Dr. Omer H. Gillett is chairman, entertained with a luncheon of handsome appointments yesterday at the El Paso club in compliment to the visiting officers of the association and their successors. The chairman and secretary of each section of the association were also among the guests.

College Reception

Last night the newly arrived members of the freshman class of Colorado college were formally welcomed into the college life at the annual opening reception given by the Y. W. C. A. and the Y. M. C. A. in the common room at Davis hall. The guests were received by President and Mrs. Blum, Mrs. Ruth Loomis, Miss Ruth Shepard, president of Y. W. and Mr. Cheney Border, president of the Y. M.

The evening was spent by the new students in becoming acquainted with the upper classes, and by the old students in renewing friendships of last year. As usual it was a most enjoyable affair. There was an impromptu musical program and refreshments were served.

Enters Mission Field

Mrs. S. M. Tribe of this city has received word from her nephew, Mr. Allan W. Lee, of Seattle, formerly of England, that he is leaving this country soon to enter the mission field at An King, China. Mr. Lee is well known here, where he has visited many times. He is very well known in Seattle and musical circles. He will work under Bishop Huntington of the diocese of Wuhu, China.

Enjoyable Reception

Rev. and Mrs. Henry Irving Kohler were the guests of honor at a reception given at the Tourist Memorial church Thursday evening by the members of the Young Peoples' society. The enjoyable event marked the beginning of the fifth year of Mr. Kohler's pastorate and was shared by the congregation and friends of the church. An elaborate chicken dinner was served on tables in the spacious dining room. After dinner an interesting program of music, readings and addresses was given.

Mrs. Rose Bell and Miss Hazel Mathis played several pieces and clarinet numbers. Miss Leola Holmes and Miss Irene Sage sang. Captain Reno brought greetings and Mrs. Reno sang a number of beautiful songs. Miss Hazel Mathis gave an enjoyable reading and Porter Bell sang. Mr. Chivington sang "Carrie Jacobs Bond," "A Perfect Day," and Miss Ira Williams of Pueblo played.

CHICAGO JAILS ARE IN POOR CONDITION

Sensational Disclosures Follow Campaign Urged by Civic Bodies

CHICAGO, Sept. 12.—Sensational disclosures of conditions in Chicago jails which have been attacked recently by civic bodies and individuals came from state sources today when the state charitable commission made public a report of an inquiry conducted by its investigators who visited all the penal institutions in the state. The cells in Chicago's jails are described as "dungeons" and "unfit for the housing of animals." Detailed comment is made on their unspeakably unsanitary conditions and on the dampness, vermin and lack of decent facilities of the most ordinary kind. Some of the abuses found by the state investigators are: "Cells under water from backed up sewers." "Four to ten men lodged in one cell room." "Children and minors placed in cells with hardened criminals." "Dirty roller towels used by both diseased and clean prisoners." "Boards used for beds in most of the police stations." "Filthy mattresses filled with vermin."

RANCH FOREMAN KILLS HIMSELF WHEN FIRED

LOS ANGELES, Sept. 12.—George L. Tucker, for 20 years foreman of the famous Santa Anita ranch of the late P. J. (Jack) Hildner, committed suicide on the ranch today, following his dismissal by Mrs. Anna Hildner McChesney, Hildner's daughter and principal owner of a large part of the estate. Tucker, who had passed his entire working life on the ranch, shot himself at Mrs. McChesney's side. He is survived by a widow and seven children, the youngest of whom is only a month old. It is a curious fact that the phrase, "Built as a bullet," owes its origin to authors of the past, who had no exact knowledge of natural history, and who, because the forehead of a bullet is pointed with enough white light to come in the darkness that it was built.

MARRIAGE BAN OFF: NEW CLERK NAMED

Sept. 12, 1913. The ban on matrimony in this county, caused by the recent death of the county clerk, a necessary functionary in issuing licenses, was lifted here after a special session of the county board, at which a new county clerk was elected. Prospective brides and grooms attended the

special session and one blushing damsel threw her arms round the neck of the new county clerk, Mr. Jackson, and kissed his five-whiskered lips. The state law will necessitate a further interval of five days before marriages are solemnized, but the new clerk had hardly taken his oath of office before he began dealing out legal certificates to wed.

MINE OPERATORS CONCLUDE HEARING

Mine Workers Will Present Rebuttal Witnesses Next Monday

WASHINGTON, Sept. 12.—Coal mine operators of the Paint Creek and Cabin Creek West Virginia fields concluded today the presentation of evidence to the senate special committee investigating the strike in their mines. Attorneys for the United Mine Workers will present rebuttal witnesses Monday and the inquiry is expected to close soon thereafter.

No Written Agreement.
The records of most antitrust suits show no written agreement of this kind, suggested Senator Shields. "Such things are not put in writing," Judge Nugent, immigration commissioner of West Virginia, testified that he had been defeated by federal officials in his attempt to get immigration labor for the mines.

"Commissioner Keefe of the immigration bureau told me," the witness said, "that until West Virginia complied with the requirements of the United Mine Workers the government would not only refuse to assist but would do all in its power to prevent any miners going to West Virginia."

NEGROES PREVENT RIOT BY DEMANDS FOR SPEEDY TRIAL

SPRINGFIELD, Ill., Sept. 12.—For the first time since the memorable race riot in Springfield in August, 1908, there was talk of a lynching here tonight, following the arrest and confession of Charles Banks, colored, aged 18, that he had attempted to assault 18-year-old Theresa Marie Atkins, this afternoon.

Expressing a wish that speedy justice be meted out to Banks, a delegation of colored citizens called on State's Attorney Burke and Judge Croighton tonight and urged that a special grand jury be called to indict Banks.

One Killed, Another Hurt.
CAIRO, Ill., Sept. 12.—One negro was killed and another is believed to have been fatally wounded by a posse of citizens near Tamm, Ill. today following an attempt yesterday by two negroes to force a merchant of Tamm to accept a bill which had been raised from one to five dollars.

When the clerk refused to accept the bill the negroes drew revolvers and began firing. The clerk was not injured, but citizens formed a posse and pursued the negroes, one of whom escaped.

HALL GAINES' GREATEST NOVEL
The Woman Thou Gavest Me

Being the Story of MARY O'NEILL

Will be more widely discussed than any novel in recent years. Hall Gaines has possibly the largest audience of any living English author. In the startling revelations of Mary O'Neill he has uncovered a deeply moving romance that will appeal to people in every walk of life. It is the story, told in autobiographical form of a beautiful, pure and exquisite woman who goes through some of the most terrible tests which the responsibilities of marriage bring into life. The problems of marriage and divorce have never before been as humanly pictured.

"CASCARETS" FIX SOUR STOMACHS

Sluggish Bowels cause Gases, Indigestion and Food Fermentation

Get a 10-cent box now.
That awful sourness, belching of acid and foul gases, that pain in the pit of the stomach, the heartburn, nervousness, nausea, bloating after eating, flatulence and sick headache, means a disordered stomach which cannot be regulated until you remove the cause. It isn't your stomach's fault. Your stomach is as good as any.
"Cascarets" then, immediately cleanse the stomach, remove the sour, indigestible and fermenting food and foul gases, take the excess bile from the liver and carry off the constipated waste matter and poison from the bowels. Then your stomach trouble is ended. A "Cascaret" tonight will straighten you out by morning. A 10-cent box from any drug store will keep your stomach sweet, liver and bowels regular for months. Don't forget the children that hide inside a good gentle cleansing too. Advise a 10-cent box now.

LIVERPOOL PAYS HONOR

(Continued from Page One.)
was taken to a hotel in Consul Washington.
When Mr. Gaynor had left the building the coffin was removed from the deal box and placed in a massive turned oak casket. On a brass plate on the cover was the inscription: "William Jay Gaynor, September, 1913."
The head of the lord mayor of Liverpool in doing exceptional honors to Mayor Gaynor has been followed generally throughout Liverpool. Flags on the town hall and other public buildings and on private buildings were lowered to half mast today.
The Cunard line tonight detailed the superintendent of the port, Captain Dodge, to take charge of the reception of the body of Mayor Gaynor on board the Lusitania, tomorrow.

New York Mourns.
NEW YORK, Sept. 12.—While all New York mourned today for William J. Gaynor and signal honors were being paid the dead mayor in Liverpool, tentative arrangements were being made for the public obsequies planned to constitute a final and striking tribute of his home city to the memory of its late executive head.

Mayor Gaynor's funeral will take place in Old Trinity church, in lower Broadway, at 11 o'clock in the morning of September 22, with Bishop Gear of the New York diocese of the Protestant Episcopal church officiating. His body will be laid to rest in Greenwood cemetery, Brooklyn.

The solemn ceremonies on the day of the funeral are to be preceded by various distinctive tributes to the dead executive. On the arrival, probably next Friday forenoon, of the steamer Lusitania, the mayor's body will be taken direct from the steamer to the Gaynor home in Brooklyn, there to remain until Saturday evening, when, according to the plans, it will be removed to the city hall in Manhattan to lie in state on the scene of the late mayor's activities until the hour of its arrival in the city until the burial.

The coffin will be borne from the city hall to the church and from there to the church and from there to the police department. General Thomas H. Barry, commandant of the department of the east, has offered an escort of soldiers from Governors Island for the body of the mayor from the time of its arrival in the city until the burial.

That Mayor Gaynor's family will be found to be well provided for when his will comes to be probated, seems the general belief. Friends of the family estimated today the value of his estate at from \$500,000 to \$1,000,000, with the consensus of opinion favoring a sum not more than half the larger figure.

Mayor Gaynor had a large and lucrative law practice before he went on the bench and had realized much in his career. His important trusteeships and from his investments.

CANADIANS MAY

The Canadian adherents were planning to spend the day in Montreal if possible in the hope that the writ would be sustained after all. Failing in this, the story ran they purposed to put up a yacht and eventually sail for Pennsylvania.
It was said it is understood his refusal to return to him in other respects.

Big Sullivan-Considine Road Show With Six Feature Acts (Opens at the Empress Today

The largest, costliest and newest of musical productions will be the headlining attraction at the Empress, starting today. No expense too short seems to have been spared in the initial production of "The Cavaliers," carrying eight people and a half a load of special scenery. The scene represents an old castle in England where the young men and women are guests for a musical holiday. There are offered solos, quartets, choruses and instrumental selections of the highest musical excellence. The appearance of this beautiful musical offering at the Empress but emphasizes the efforts and intention of those in control of this vast vaudeville undertaking to give their public the best that can be had regardless of the cost.

A musical act is always a welcome addition to any bill and particularly so when surrounded by a gorgeous array of soloists, scenic embellishments and costumes.
Most every living human enjoys a musical quartet. For that reason the Empress management has provided one of the best in the business as a feature of the show starting today. Each member of this organization is a soloist. Without stalling they got right down to the soulful harmonies that have made them a big factor in the act.
Three young women who will be a feature of the offering at the Empress are the Brunet Sisters, who offer a novel and exciting exhibition of winking, boxing and leaping. These young women go into the game with a vengeance and compel one another to the greatest tests. One of the girls has a trick of kicking a ball 500 yards, but she is getting by a trick of kicking a ball 500 yards. She reached a wall of fire on the top of an endowment to duck a short jab for a chin. The act has been a big winner along the circuit, when the audience joined in the excitement and encouraged their respective favorites to follow in their advantages. The girls are splendid specimens of womanhood and prove the advantages given by physical exercise.
How young and versatile vaudeville acts have found themselves to pathos as The Georgia Trio. This triumvirate of young comedians will arrive at the Empress. They are said to challenge the larks with remarkable fidelity. Their voices are said to find a harmonious while their other qualities will bring them into the "favorite" class before the end of their week's engagement.
Before the week is over at the Empress there will be found on the new bill a somewhat different monologue comedian in the person of Joe Birnes, "the poetic story teller." Mr. Birnes is a favorite entertainer in the leading clubs of New York. It was at one of these that he was found by a representative of Mr. Considine's and immediately booked for a tour of the popular-priced circuit. Mr. Birnes is endowed with a lot of personal magnetism and a fine idea of comedy. His songs, stories and imitations are filled to the brim with laughter.
Every now and again vaudeville reveals something entirely new and totally different from the beaten path of variety. It is these innovations and original creations that have been the source of popularizing vaudeville. In this week's offering the principal attraction will be John B. Hymer's latest laughing spectacle and comedy novelty called "The Passenger Wreck." The act is conceded to be one of the most elaborate in vaudeville. Mr. Hymer is a producer of well-known abilities having produced "The Devil and Tom Walker" which played the local house a year or more ago. The offering, aside from its comedy and spectacular effects, carries with it a number of thrilling and intensely dramatic situations.

"THE WOLF"
Eugene Walter's play "The Wolf" which comes to the Grand opera house Saturday, September 20, on matinee and night might be called a poem play of pictures. It is very seldom that one sees a play that grips the interest and piques the curiosity with its first line. "The Wolf" does that. The curtain rises upon a beautiful scene, it is Indian summer in the northern woods. Pines and golden foliage mingle their light and shade. A stream winds down the avenue of cottonwoods in the background are the blue foot hills. To the right is the log house of Mac-Tavish with a great tree in front of it. Under the tree sits Hattie

the Canuck, putting at his lot in the porchway is the dead end of "The Wolf," he, too, in "The Wolf" two men put in his lot for a "The Wolf" while the auditor is in the "The Wolf" coloring perspective and "The Wolf" of the scene. Then Mac-Tavish "The Wolf" say she died, mon."

This is one of Eugene Walter's strong points—begin his story with the opening lines. He wastes no time in unnecessary conversation, and he sticks to the point from curtain to curtain.
Another of these pretty picture effects is in act three. Two men are squatting in the foreground, standing. Is the tall, lithe, graceful figure of Jules Beaubien. Hilda appears at the top of the trail carrying the canoe paddle. She stands there an instant holding the paddle like a spear, framed in the dark pine and golden foliage color with the sunset reddening ominously about her. One almost expects to hear the wild cry of the Valkyrie. A little later comes the great and intense scene of the play, which is without doubt one of the most novel and gripping scenes ever staged.

NEW PROCESS OF TREATING LOW GRADE ORE MEANS FORTUNE TO MINE OWNERS

Electro-Chemists Here Declare Method Will Eliminate Waste of Precious Metals

Fifty delegates to the national convention of the electro-chemists, who closed their sessions Thursday night in Denver arrived in Colorado Springs at 10:30 yesterday morning. The party was met at the Antlers hotel by President William F. Stearns of Colorado college, who extended an invitation to the delegates to visit the college grounds and inspect the scientific apparatus and equipment. The delegates will remain in the Pikes Peak region until late tonight when they will leave for the east.

Veins of Wealth Only Skimmed

In the party at the Antlers is Dr. Joseph W. Richards, professor of metallurgy, Lehigh university, South Bethlehem, Pa., secretary of the Society of Electro-Chemists. According to Dr. Richards the main veins of wealth in Colorado mines have been merely skimmed. He maintains that the numerous mine dumps which when treated in electro-chemicals, yield up such a wealth of mineral that the mining industry in Colorado will prove at least one third more vast than was ever dreamed of a few years ago.

Dr. Richards says that the modern miner can be content with low grade

ores with treatment in electro-chemicals, the low grade ore almost as valuable as high grade ore. The present loss when handling low grade ores is now about a fortune for the electro-chemical system saves low grade ores.

The doctor believes that upon two processes the electro-chemicality of zinc and the electro-static separation of low grade ores depends the revival of the mining industry in Colorado. In his opinion the latter process is the greatest boon to Colorado mining industry. It is a simple and practical process discovered by Professor Lucien I. Blake of the University of Kansas. The ore is passed over a charged plate and the metal which it becomes charged jumps from the plate like so much pop corn while the gravel passes on.

Invented Tungsten Light

Dr. C. G. Funk, Dr. W. D. Coolidge and C. D. Hansen are three of the experts who arrived yesterday. They were sent to the convention by the General Electric company. These men have revolutionized their branches of the electrical industry. The first two named are responsible for the present tungsten light. They spent four years of scientific research in their laboratories to perfect the modern tungsten lamp. C. A. Hansen invented the Tungsten arc which has revolutionized the manufacture of arc lamps.

Atchison Smith of Niagara Falls is also here. He is a prominent scientist and president of the Atchison Graphite company which turns out each year more artificial graphite than is mined.

Enrollment First Week 345 More Than Corresponding Time Last Year

A check of the first week's school attendance in the city schools, including the high school, shows an increase of 345 over those of last year. The enrollment for the same time last year was 400. The high school enrollment was 100, the same as last year. The enrollment for the first week of the year was 345, more than the corresponding time last year.

Broken Axle Halts Pathfinder: Here Today

A. J. Westgaard, pathfinder of the National Highway association, is stalled with a broken axle at Mountain West of Leadville at which town he was due to have arrived yesterday. According to a telegram received yesterday by A. W. Henderson, secretary of the Chamber of Commerce, Westgaard will not reach Colorado Springs until this evening. The snow and rain storm of Thursday made the roads along the route heavy, which condition was responsible for the accident. The pathfinder originally planned to reach this city last night.

COUNCIL WILL AID PLAN TO BUY ELK

Formal Request for Herd to Be Sent to Secretary of Interior

Elk lodges throughout the state and others interested in placing a herd of elk from the government reservation in Wyoming on the mountains west of Colorado Springs will be assisted in securing the animals by the city council. Mayor McKesson at yesterday morning's meeting of the commissioners, introduced a resolution requesting the secretary of the interior to furnish the elk for this city. Copies of the resolution, which was unanimously adopted, will be forwarded to the local Elk lodge and to the interior department at Washington.

Resolutions extending a formal invitation to the Modern Woodmen of America to hold their 1914 camp sessions in Colorado Springs also were adopted. The meeting is to be held next June.

Mayor McKesson appointed Carl Matthews permanent clerk of the police department on recommendation of Commissioner of Public Safety Johnson.

Commissioner Eubank introduced an ordinance regulating the business of junk dealers, which was referred to the committee of the whole. The proposed ordinance fixes a license for dealers of \$100 a year and for collectors of \$10 a year. The dealer must furnish bond and keep a daily record of every article collected except rags and bottles. The records are to be open to the public. Commissioner Eubank opposed the ordinance as it stands because it allows the dealers to keep wagons loaded with junk at their homes instead of compelling them to take them to a dump immediately.

W. S. Dunning, chairman of the Shan Kive committee, presented a communication to the council thanking the heads of departments and employees for their cooperation during the celebration. Chief of Police Stanley D. Burns was thanked for the excellent work done by the police during Shan Kive week.

Spanking for Small Maid Who Fashions Her Own Split Skirt

Verily, verily, influence plays a part in the lives of human beings on this mundane sphere as it gyrates through the big spaces of the universe. A very small lass caught an idea and a spanking in North park yesterday all because of the aforementioned influence.

She was a little golden-haired tot, clad in a pink dress and half-stockings. Gaily she flitted about the benches of the park while her mother was preoccupied with the pages of a popular magazine.

Now enters a handsomely dressed woman wearing a split skirt with a slash in the front almost as big as the rent between the G. O. P. and the Bull "Towers." The little girl stood with her hands on her hips, her head askew, and watched the fine lady until she disappeared down Tejon street.

Time passed. At last the mother glanced up from her reading, and the look of anger on her face immediately turned to angry surprise. Her small daughter stood before her on the walk, her chubby face upturned, with an assumed air of haughtiness. The pink dress was ruined.

With a piece of sharp iron, the embryo dressmaker had fashioned her own dainty little dress into a split skirt, according to the dictates of fashion—and of influence.

"Spot! Spot! Spot! Exit and quick curtain!"

Avoid Excessive Cough Medicines.

If you want to contribute directly to the occurrence of capillary bronchitis and pneumonia use cough medicines that contain codine, morphine, heroin and other sedatives when you have a cough or a cold. An expectorant like Chamberlain's Cough Remedy is what is needed. That cleans out the culture beds or breeding places for the germs of pneumonia and other germ diseases. That is why pneumonia never results from a cold when Chamberlain's Cough Remedy is used. It has a world-wide reputation for its cures. It contains no morphine or other sedative. For sale by all dealers.

Charlton's Defense Will Be Insanity

COMO Italy, Sept. 12.—Dr. Sala, part of whose duties consists of a visit to the prisoners in the Como jail every two weeks, today examined Porter Charlton, the young American. Dr. Sala said it would be necessary to make a further examination of the prisoner before he could give definite opinions concerning his mental and physical condition. Charlton, however, seems perfectly well and sane and sleeps regularly.

Dispatches from the United States have hinted that Charlton's defense will include an allegation of insanity. A long memorandum outlining his defense is now in the hands of the court but has not been made public. The trial probably will go over until April.

Deaths and Funerals

Word was received from Lyle yesterday of the death of L. Dore Simpson, aged 56 years, a well known pioneer. For 35 years Mr. Simpson had been a resident of El Paso county, having moved here before the Civil war. He was a participant in several fights between the civil settlers and the Indians north of Colorado Springs. He is survived by two brothers, Hale and Hiram Simpson, and a sister, Mrs. Hugh Longcope. Interment will be at Mountain View.

The funeral of D. D. West of Cimarron, who died several days ago, will be held this morning at 10:30 o'clock from the Perkins undertaking rooms. The Rev. S. L. Roberts of Manitou will officiate.

The funeral of John E. Longcope will be held from 11 to 12 o'clock this afternoon at the Perkins undertaking rooms. The Rev. S. L. Roberts of Manitou will officiate.

The infant daughter of Mr. and Mrs. James West, who died yesterday afternoon at 102 W. Main Street, this city, will be buried at 10:30 a. m. at the Perkins undertaking rooms.

Playgrounds Close for Winter Months

After a season so successful that the playgrounds committee is determined to carry on the work next year on a far larger scale, the Monument Valley park playgrounds yesterday closed for the winter. No special program was held as a closing feature, the greater part of the day being spent in taking down the movable apparatus and placing the other places in condition for winter weather.

Arthur Murray, Jr., who has had charge of the work at the playgrounds this year, will leave today for Cleveland, O., to resume his work in a public school. His report of the summer's work will be made to the playgrounds committee within a short time. It is not definitely known at present whether or not Mr. Murray will return next summer to carry on the work here.

Old Lady's Sage Advice

Knowledgely Mrs. Marie Long of 102 W. Main Street this city, says: "If you had seen me before I began to take Cardui, you would not think I was the same person. Six doctors failed to do me good and my friends thought I would die. I could hardly get out of bed or walk a step. At last an old lady advised me to take Cardui, and now I can go most anywhere." All ailing women need Cardui as a gentle refreshing tonic, especially adapted to their peculiar ailments. It is a reliable vegetable remedy successfully used for years. You can get it at any drug store.

Dr. Morrison will preach at Stratton, Okla., and Sunday, Sept. 14, at 10:30 a. m. at the same place.

GOOD telephone service depends largely upon mutual courtesy. The telephone is more useful to those who talk as if face to face, for civility removes difficulties and facilitates the promptest possible connections.

As in other intercourse, it often happens that two or more people wish to talk with the same person at the same time. Without courtesy confusion is inevitable, and the confusion is greater when the people cannot see each other.

The operators must be patient and polite under all circumstances, but they will do better work if they meet patience and politeness on the part of telephone users.

The Bell Telephone Service enters intimately into the social and business life of each individual. The best results come through the practice of mutual courtesy.

BILL IS IMPERFECT; WILL VOTE FOR IT

Republicans Continue Their Attack on Way Currency Act Was Framed

WASHINGTON, Sept. 12.—Progress of the currency bill through the debating stage in the house was marked today by vigorous Republican attacks upon the way the measure was prepared by the majority and a defense from Representative Hardwick of Georgia, who though he declared the bill was far from perfect, and pointed out what he considered defects in its structure, announced that in spite of all its faults he expected to abide by the judgment of his party and vote for its passage.

Speechmaking continued throughout the day and into a night session with many of the members addressing a handful of members.

Representative Neley of Kansas, a Democratic member of the banking and currency committee, endorsed the bill but criticized the secret meetings which framed it and the secret caucus which perfected it.

A bitter attack upon the measure and particularly upon the manner in which it was framed and considered by the Democrats was made by Representative Burke of Pennsylvania, a Republican member of the committee. He declared the bill, if it became a law, would be as useful to the country as a dollar to a dead man.

Carranza Lends Assistance.
RAGLAND, Tex., Sept. 12.—Gen. Jesus Carranza, constitutional leader, said he had information that the band of smugglers who fired yesterday on Dimmit county officers at Carriso Springs had been recruited in Dimmit county, Texas to join Alberto Guajardo's federal forces.

Carranza sent a force to the border to intercept the smugglers should United States troops fail to capture them. He said if captured they would be turned over to Texas for trial if the state desired; otherwise they would be shot by the constitutionalists.

Federals Seize a Ship.
MEXICO CITY, Sept. 12.—The rebel general, Pancho, is reported to have captured a ship, state of Veracruz and to have entered the federal garrison of 300, capturing five prisoners, two of which were much ammunition.

The rebels have opened telegraphic communication between Durango and Cuernavaca, a suburb of Mexico, and are operating the railroad to Jimenez and Chihuahua.

General Bravo, the federal commander at Torreon, while preceding his attack on a station of the Torreon branch, in an early attack on communication, was attacked by rebels at Cuernavaca. The result of the fight is not known.

The British vice consul at Gomez Palacio has requested permission from his government to assist Britishers to leave the town, which many of them desire to do, on the strength of President Wilson's recent advice to Americans to get out of the republic.

Americans Injured.
EL PASO, Tex., Sept. 12.—"An American can't walk down the streets of Mexico City without being insulted by natives," said James L. Black, a mine owner in the state of Oaxaca, who arrived here today from Mexico City.

"They push Americans into the street, and when protest is made they laugh at them and offend," he said in his faces. It is unsafe for an American woman to go on the streets even with an escort without fear of insult from the Mexicans. The Americans are helpless, as the police will do nothing to assist them.

Black left Mexico in obedience of President Wilson's orders for Americans to leave the republic.

Refugees Reach New York.
NEW YORK, Sept. 12.—Sixteen American refugees from Mexico reached here on the steamer Esperanza which arrived tonight from Mexican ports by way of Havana. Harry Berliner, a resident of Elizabeth, N. J., one of the party, said the Mexican government was doing everything possible to protect Americans and American property. He and the majority of his fellow passengers, he declared, came up from Mexico more for a vacation than because of fear of injury to themselves or their property.

Appeal for Aid.
VERA CRUZ, Sept. 12.—Forty Americans in the state of Tabasco have been forced by rebels into the town of Frontera and are appealing for a boat to take them away. The rebels are reported to have captured the town a considerable distance into the interior of the state. Except eight of the Americans in Frontera are refugees from plantations which now are overrun by rebels.

Official dispatches from Tampico say that 300 Americans in that district have departed as a result of the war of President Wilson. "The exodus of the Vera Cruz is diminishing."

Constitutionalists Defeated.
EL PASO, Tex., Sept. 12.—Gen. Antonio Rojas and 1,000 federal troops defeated 1,200 constitutionalists commanded by Gen. Francisco Villa today at Rustling Chihuahua, according to advices received tonight by Gen. Francisco Castano of Juarez from General Mercado of Chihuahua. The message did not give the details of the fight but said that Villa's troops were almost annihilated.

AMMONS WILL NOT SEEK REELECTION?
DENVER, Sept. 12.—In an informal statement today, Gov. F. M. Ammons declared that he had no present intention of seeking reelection.

DIGGS AND HARRIS DENY GIRL'S STORY

Case May Reach the Jury by Next Tuesday Night, Pre-dict Official

SAN FRANCISCO, Sept. 12.—Both Maury I. Diggs, former state architect, and Attorney Charles B. Harris of Sacramento, jointly accused of subornation of perjury in connection with the Diggs-Caminetti white slave cases, took the witness stand on their own behalf today. Both denied the salient points in the testimony of Nellie Barton, the young woman who has sworn she was induced to act as a go-between, bearing instructions to Marsha Warrington as to the story the latter should tell to enable Diggs to escape conviction for violation of the Mann act. They admitted that Miss Barton had been summoned to a conference with them and she had been the hearer of the message to Miss Warrington, but stoutly declared that nothing, save the act of subornation of perjury entered into conversation or message.

"I had never heard of the Mann white slave act at the time I talked with Miss Barton," Diggs explained, "and didn't realize what a mess I was in."

Counsel for both sides announced today that the case would go to the jury by next Tuesday night. A tentative agreement was reached with the court that the sentencing of Diggs and F. Drew Caminetti on the white slavery charges on which they stand convicted would be postponed next week until they had reached a verdict in the present case.

PUBLIC HEALTH CONVENTION

(Continued From Page One)
public health work by J. Scott "Taggart" of Orange, N. J., who read a paper on "Publicity, Some Observations on its Uses and Abuses," before the public health officials section of the American Public Health Association.

"Why cannot the public health workers obtain results that commercial fields do through sensational publicity by adopting similar tactics?" asked the speaker. "Let us have sensationalism, tempered by accuracy and proportion and let us strive to wake the community as it sleeps."

Mr. Taggart referred the agitation and publicity in connection with reports on the tuberculosis situation in the United States to the public health officials for their improvement. "It could be advertised in the manner."

Cancer Death Rate Increasing.
"For the decade ending with 1909 the rate was 72.1 per 100,000 of population for the registration states of the United States, against a rate of 75.4 for Austria, 79.1 for Germany, 83.1 for England and Wales, 86.6 for Scotland and 127.7 for Switzerland," said Dr. Hoffman.

"The cancer death rate is low in tropical countries, and also in Hungary, Spain, Denmark, Japan, Italy and Australia."

"Even though the cause, or causes, of cancer were discovered, it would, no doubt, require many years before such knowledge could be successfully applied in a deliberate campaign to reduce the cancer death rate. For the time being, public attention requires to be directed to the supreme importance of early diagnosis on the one hand, and the earliest possible operative treatment on the other. This conclusion even applies to many forms of internal cancers, which are invariably fatal unless the patient submits to an early and radical surgical treatment."

Appreciation of the seriousness of the problem and its important relation to the health of the nation, a National Society for the Control of Cancer has recently been organized, for the specific object to disseminate knowledge concerning the symptoms, diagnosis, notice, treatment and prevention of cancer to investigate the conditions under which cancer is found and to compile statistics in regard thereto."

Earth Burial a Crime.
That earth burial is a crime against humanity and that cremation is the only sensible method if people would drop their prejudices, was the statement of Dr. E. Arthur Carr of the Nebraska state board of health, who discussed the two methods from a sanitary standpoint. "Bodies buried in the earth turn the soil into a nursery and harbor of the cause germs that come to Dr. Carr stated. The adoption of cremation will mark a stage of progress in civilization."

Vaccination as a prevention of typhoid fever was declared a success by Dr. Joseph H. Townsend, secretary of the Connecticut state board of health. Dr. Townsend showed by figures from a large number of cases that the infection of the vaccine had given successful in preventing typhoid fever.

The members of the association went on record yesterday as favoring a closer supervision of the control of general diseases. Dr. Charles I. Bolduan of the New York city department of public health read a paper on the question in which he declared the evils attendant to these diseases are more important than all others considered by the association. The resolution adopted was as follows:

Campaigns Against Disease.
That sensible of the ravages wrought by epidemic and infectious diseases in the health of the community, and deploring the inadequacy of existing facilities for the checking of these diseases, the American Public Health Association, calls upon state, provincial and municipal governments of all the countries here represented:

(1) To institute a system of notification of all cases of these diseases to a sanitary authority, which notification does not already obtain.

The general public will be relieved to know the result of the discussion of the hamburger steak by John Weingart, F. E. Newton of Seattle, men have made a detailed study of the contents of sample lots of this food. gentlemen announced that their press had been taken too lightly by a press and that instead of being a serious discussion was in reality a serious one. Several million var of bacilli were discovered in the hamburger, but the experts on hamburger food announced that if well cooked there is no danger to the public, because cooked bacteria is quite edible.

HOLDS COURT OVER LONG DISTANCE PH

DENVER, Sept. 12.—A session of district court was held in Denver, the judge presiding at the far end of a distance telephone line to radon Springs this afternoon. J. E. Little of the district court Colorado Springs had been requested last May to sit in the hearing on promissory note, in which Ch. Miercourt was plaintiff and Ch. Miercourt and Blanche Snyder defendants. J. E. Little was unable to attend but his court in session and awaiting presence he was connected with court room by long distance telephone and vacated the judgment in Snyder suit. That was the extent of the day's session.

WATSON DENIES MULHALL STORY

NEVER AFFILIATED WITH MANUFACTURERS

Says Bryan Is the John D. Rockefeller of Chautauqua Platform

WASHINGTON, Sept. 12.—Former Representative E. Watson of Indiana, before the house lobby committee today, made a general denial of Martin M. Mulhall's general charges that he was one of the active friends of the National Association of Manufacturers in congress during many years.

"At no time while I was in congress, or after I left congress," said Watson, "was I in the employ of the National Association of Manufacturers, for any purpose, nor was I at any time a lobbyist or a lawyer for it."

Watson said he made work for the National Tariff Commission association, an organization of several hundred associations and many individuals of which the National Association of Manufacturers was one. He declared that Mulhall's charge that he used his influence to put certain men on house committees and remove others was without foundation.

"You don't need to tell the sun to shine; you don't need to tell the birds to sing any more than you need to tell Uncle Joe Cannon who to appoint on committees," he said. "The committees were made up by Mr. Cannon, Bushy his secretary, and Asher Hinds, the house parliamentarian and I never obstructed my opinions."

Takes Rap at Bryan.

When asked to give an opinion on a man's fitness for a committee position he gave it, but went no further. Watson said he never was appointed by any National Association of Manufacturers' official to favor any legislation and never was interested particularly in any bills they favored except an anti-injunction bill and the proposed exemption of labor unions from the operation of the Sherman law. He said he held the same view as the association on these matters. Watson explained that Mulhall expected to assist him in his campaign for governor in 1908, but worked only a few months and did not make his promises good. He denied that Mulhall helped raise \$22,000 in that campaign. His employment by the tariff association was about April 1, 1908, nearly a month after he left congress. He said he was in charge of the campaign for a tariff commission while the Payne bill was in the house and later in the senate.

There was nothing secret or insidious about my employment said he. "I was not in congress and I thought I had a right to that employment. I received \$250 a week and my expenses, and probably a retainer of \$300. There may have been some talk of a continuing fee but I must have been among the officers of the board of directors about it."

While I was whip of the house for six years declared Watson, pounding on the table in front of him. I was fully and fairly acquainted with almost every member and I never knew a corruption in the house.

When questioned about the fact that the manufacturers of allied industries Watson directed to take a shot at Secretary Bryan.

He is the John D. Rockefeller of the Chautauqua platform," said Watson. "He has made more money, at it, than anybody else, and he has made more money because he has gone about it. The other fellows are for making money."

FALLS FAINTING WHEN HE REACHES POLICE STATION

Aged Man Collapses After Week of Exposure in Walking Here From Denver

Footsore, hungry and bent with rheumatism D. Driscoll, 79 years old, tottered into police headquarters last night and fell fainting to the floor. Without money and without friends, Driscoll started to walk from Denver last Sunday to Midland, Tex., where he says he has a daughter living. Being too crippled to catch a freight train, the old man was forced to walk the entire distance, it taking him nearly a week to cover the 75 miles. The police became interested in his case last night and an effort will be made to locate his daughter and to have him cared for.

LABOR GETS MORE FOR FEWER HOURS OF WORK

WASHINGTON, Sept. 12.—There was a steady increase in the scale of wages paid to labor in this country in the last six years and this was accomplished in the face of a steady reduction in the working hours of labor. Statistics published today by the department of labor indicate that labor is now receiving more remuneration for fewer hours of toil than ever before.

The figures are based on comparison of union wage scale agreements, trade union reports and working conditions in central cities throughout the United States from 1907 to 1912.

The bakers appear to have carried off the cake in the distribution of good things, for their wages were increased 22 per cent in the six years, while their working day was shortened nearly one-fifth. Stone cutters and newspaper compositors are the lowest in the scale in the matter of reduced hours. The stone cutters also received the lowest rate of increase, a rate not shared, however, by the compositors.

The inquiry was an elaborate one and the result is the most comprehensive document of its kind yet issued by the government. It was prosecuted by segregating the trades under the general divisions of baking trades, building trades, marble and stone trades and printing trades.

27 HOTEL GUESTS ARE RESCUED BY FIREMEN

CHICAGO, Sept. 12.—Twenty-seven guests of the Hotel Roca, a five-story building, were carried off by firemen when the building was partly burned late tonight. There were 155 guests in the hotel and most of them had retired when flames were discovered in the dining room.

KALAMAZOO, Mich., Sept. 12.—Word was received here late tonight that a small lumber town was destroyed by fire late today.

Hundreds of persons are reported homeless.

A frantic appeal was telephoned to the Kalamazoo fire department just before the wires were burned from the lines.

CHICAGO, Sept. 12.—The which did \$100,000 damage tonight destroyed the three-story of the Standard Oil in Milling company at Alton, Ill., near here, and caused a partial loss in the theater nearby.

While the blaze was at its height a fire in the theater nearby. The audience, which was in the lobby and made a mad rush to the exits. No one was seriously injured.

RAPID PROGRESS MADE ON THE TARIFF BILL

WASHINGTON, Sept. 12.—Democratic conferees of the senate today made rapid progress today on the tariff bill, approving the sugar schedule with its free sugar provisions and the date for the new rates extended to March 1, 1914, the tobacco schedule and all of the agricultural schedule, with the exception of the proposed banana tax and the countervailing duty on wheat.

Contrary to the general expectation, little difficulty was encountered in the agricultural schedule the house conferees agreeing quickly to free cattle. However, the dispute on the countervailing duty on wheat is yet to be settled.

In the hour schedule the general rates were approved, but action on the proposal to put the full internal revenue tax on brandies used in fortifying sweet wines was deferred.

THREE KILLED IN A SHOTGUN FIGHT

BREWTON, Ala., Sept. 12.—Three men were killed and another seriously wounded in a shotgun fight at Brewton, Ala., today. According to a telephone call received tonight, the fight was between James H. Hays, his son, James Hays, and J. H. Hays. The shooting, which occurred at the Hays farm, is said to be the outgrowth of a previous quarrel.

Militia Called Out to Defend Men Who Raps Catholic Church

NEW LEXINGTON, O., Sept. 12.—Mayor Que called out the local company of state militia here tonight to prevent a threatened assault on Jeremiah Crowley by citizens who were incensed over an attack made on the Catholic church by Crowley in speeches delivered Wednesday and Thursday nights.

Crowley, who is being held at police headquarters under guard, claims that he is a former priest.

COUNTERFEITING EPIDEMIC SPREADS OVER COUNTRY

WASHINGTON, Sept. 12.—There seems to be an epidemic of counterfeiting and the United States secret service has redoubled its efforts to catch the offenders. On the heels of an announcement only a few days ago of the discovery of three new counterfeit national bank notes, Acting Chief W. H. Moran warned the public today of a new counterfeit \$5 United States note. It is a poor photographic reproduction on paper of fair quality. The treasury seal has been slightly touched with pink ink and a slight attempt has been made to apply green coloring matter to the back of the bill.

MASSACHUSETTS MAY HOLD SPECIAL ELECTION

BOSTON, Sept. 12.—The question of ordering the special election in the Third Massachusetts congressional district to fill the vacancy caused by the death at Washington yesterday of Representative W. H. Wilder will be debated next week by Governor Foss, who has the power to order one in connection with the regular state election on November 4.

COLORADO HAY CROP WORTH \$25,000,000

DENVER, Sept. 12.—Much of the Colorado hay crop will be bought and shipped to the drought-stricken sections of the east and middle west, according to statements made today by railroad men and shippers. The value of the hay crop at the prevailing prices is estimated at about \$20,000,000. A large amount of alfalfa is being made into alfalfa meal for export to the east.

MRS. PUMPHREY PLEADS NOT GUILTY TO CHARGE

DENVER, Sept. 12.—Mrs. Norma Pumphrey, who shot and killed her husband Charles H. Pumphrey, last week pleaded not guilty in the West side criminal court today. Her attorney requested an early trial, stating that his client would be unable to furnish bail.

DENVER, Sept. 12.—Notification was received today of the appointment by President Wilson of George H. T. as chief clerk in the office of the state land board to a position in the department of justice. T. will depart for Washington next month to take up his new duties.

BANK CLEARINGS SHOW FALLING OFF, SAYS DUN

NEW YORK, Sept. 12.—Dun's Review tomorrow will say: "Bank clearings at the leading cities in the United States this week amounted to \$2,554,396,67, a falling off of 13 per cent compared with last year. The total at New York city is 23 per cent smaller than last year."

There are \$97,921 old-age pensions in Great Britain.

EUCKEN ON "THE SOLUTION OF LIFE'S PROBLEM"

The second of a course of sermons on Eucken and Bergson, the great German and French philosophers, who have created such a stir in the religious world.

REV. THOMAS SALTER ROBERTSON
Preaches Sunday morning at 11 o'clock
AT THE SOULS CHURCH
Corner North Tejon and Dale Streets

This church is not based, as some think, on the affirmation or denial of dogmas. With these things it has no more concern than the United States army with bows and arrows. It is a free fellowship of men and women who are seeking the truth in thought, nobility in feeling and service in life. To its services everybody is invited.

Mr. Francis Raymond Charles Kish, new superintendent of Matteson insane asylum, who ordered the arrest of Arthur Barnum, guard of the gate through which Harry Thaw escaped and who is conducting a thorough investigation among the employees at the asylum in the belief that he will uncover a well organized plot that led to the escape of the slayer of Stanford White.

peris declare that so-called brandy prepared from grain potato or other form of industrial alcohol, or from alcohol obtained from the by products of wine manufacture, mixed with more or less true brandy or other flavoring material is adulterated, and misbranded unless labeled to indicate its true composition.

The ruling has been looked forward to by manufacturers of brandy. Enforcement of the finding will go into effect at once.

A Marvelous Escape.

My little son had a marvelous escape, writes P. F. Hastings of Prince Albert (Cape of Good Hope). It occurred in the middle of the night. He got a very severe attack of convulsions. As he would have it I had a large bottle of Chamberlain's Cough Remedy in the house. After full and dire distress for an hour and twenty minutes it was through all danger. Sold by all dealers.

PATHEC LETTER FROM MOTHER SAVES SON

SEATTLE, Wash., Sept. 12.—The appeal of the Los Angeles mother for her son, Harry Bentley, aged 20, from serving a sentence at Monte reform school for a year and a half, will result in his being sent back to his mother at Los Angeles. Bentley's associate attorney, Harry Bennett, who was jointly charged with Bentley will be sent home to his father at Mustang, Okla.

Both youths pleaded guilty three weeks ago but before sentencing them Judge Smith decided to investigate their cases and wrote to their parents. He received a pathetic letter from Bentley's mother pleading that her boy be sent home to her. A similar letter was received from Bennett's father.

The boys, being Thompson, for assault, promptly acquitted. In and received their bond, and the defendant to send Murphy a bill for professional services.

The total foreign trade of the republic of Cuba for 1912, according to official statistics amounted to \$20,043,411, consisting of imports \$10,407,067 and exports \$9,636,344.
